

# Wednesday Adult Classes

October – December, 2011

## II Chronicles

**Duane Coulter**

**Auditorium**

The Wednesday evening auditorium class continues a progressive scripture study through the Old Testament. It is a textual study using materials prepared by the teacher that are to be an aid for class studies and related discussions. No sign-up is required if you want to sit in on this class.

## Why We Believe the Bible

**Randy Baughn**

**Library**

‘Why We Believe the Bible’ is a workbook written by Doy Moyer for teen and adults. The material is prepared for modern day studies. The high and middle grade classes will also be simultaneously studying these materials, but they will take two classes, Sunday and Wednesday, to cover each lesson. The subjects to be covered are: *Faith and Evidence, Confronting the Offence of the Gospel, The Claims of Jesus, Miracles and the Works of Jesus, The Resurrection, Inspiration of the Scripture, Can We Trust the Bible?, God’s Evidence, and The Problem of Evil.*

## Sir, We Would See Jesus

**Lester Need**

**Room 7**

This is the second of the **two quarter study** of our Lord, Jesus Christ. It began with the preparations for Jesus’ coming and continued with His birth, and part of His ministry. The second quarter will finish Jesus ministry and continue with His Last Week, His death, His burial, an end with His resurrection and exaltation. A majority of this second quarter will be spent covering last week before Christ’s crucifixion and His resurrection and exaltation. The Waldron materials are being continued because of the quality of the study material and good reports from those who have attended the preceding classes that began with a study of Genesis. The Waldron’s materials contain a lot more information than what is normally found in Bible class workbook, i.e.; they are more of a reference book for the text being studied than as a workbook.
